

THE ROYAL SPA

The Royal Spa Climatological Dead Sea Room

The Royal Spa Climatological Dead Sea Room is a unique system that reproduces 31 climatic parameters of the Dead Sea. Dead Sea therapy has shown that the combined climatic factors increase the number of capillaries of all the organs in the human body, thus allowing the body's natural health and rejuvenation abilities to be activated. This has a long lasting positive therapeutic effect on health, wellness and beauty.

The Royal Spa Climatological Dead Sea Room therapy invigorates the immune system, increases the rate of metabolism, helps in the regeneration and growth of cells. This prevention treatment also has a remission effect on dermatological diseases, rheumatic or degenerative joint diseases, respiratory conditions, coronary function and improvement of hypertension and stress release.

The Royal Spa Climatological Dead Sea Room therapy incorporates the use of natural salts and mud from the Dead Sea, maintains a constant temperature, humidity, salt ions saturation and the light spectral composition with anti-stressing and immunization effects.

Relief is experienced by people who suffer from stress, nervousness, insomnia, anxiety, respiratory ailments, allergies, headaches, sport traumas and obesity.
